**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. We chose Sonic because we got a lot more for the same price compared to the bigger providers, we not only have internet we also have bundled telephone service. We are afraid when choices are not available because access is taken away to critical unbundled network elements, prices will go up. These unbundled elements are critical last-mile copper for a suburb like ours, Almaden Valley in San Jose.

Please let's continue with competitive telecommunication laws, broadband competition and competitive deployment!
