**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and small business owner who supports broadband competition. My local ISP offers superb customer service at affordable rates and provides the reliable service I need both professionally and personally. Broadband competition benefits the end consumer and it is crucial to have the option to choose between service providers. Small ISPs already face many challenges: dont cripple them or take them out of the game! We need them, and I need them to thrive.
