**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer who went from Spectrum to Sonic because ever increasing prices. We need companies like Sonic to stem the flow of the large corporations like Spectrum who raise prices and knock the consumers like myself to the point of removing ourselves from the market altogether.

Please show that not all government bodies are corrupt and back big business to the detriment of the majority of the people.

I am a conservative Republican that is very upset with the government and how corrupt they are. Republicans are as guilty or more so then the Democrats now. I hate our government and the direction they are going in. Stop being corrupt and help the little guy, Sonic and companies like it are good for the people.

Spectrum and AT&T in my personal opinion are too large and need to be broken up. They have too much power and are now controlling the market and make pricing spiral out of control.

We need competition especially for the little guys. Stop this corruption now and look out for the general population. That is the only way our Republic will continue. Nothing lasts for ever, history has shown us.
