**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please protect and conserve internet networks competitiveness. I quit the only cable company in San Francisco some years back for lack of proper competition. I was paying for access of way too many television show and channel options that I could not watch in many lifetimes. This was just ridiculous.

Sonic provided just what I needed: access and the options to use only what I needed and wanted. Anything else, as in the cable system, is highway robbery. Please insure you continue to protect our freedom to choose and options to access. A viable competitive arena is what we need and want.

Don't put us in a position to always find a way against highway robbery. Do the right thing for the consumer and for a vibrant communications environment. Thank you.
