**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Ive been a customer of a local owned and operated Internet broadband and telephone service provider, Sonic for about 15 years. They have always been personable and responsive to any Concerns provided great customer service. As a physician, it is very important that I have great broadband and telephone services. Please dont change regulations so that companies like AT&T, you have provided inferior, uncaring and very expensive wireless service to me, become even more powerful. We need to keep competition and the Internet providing sector
