**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic, in Berkeley. They were the ONLY competitive provider to Comcast.

- their prices are lower
- they are investing, upgrading to faster speeds (fibre speeds)
- they protect my identity
- they provide excellent customer support.

Comcast scores year after year as one of the worst companies to interact with.

I would like to see MORE competition, not less. Comcast has become lazy, and uncompetitive due to their lack of competition, and are essentially price gauging.

Faster broadband is crucial to the high tech industries of today and tomorrow, and Comcast would like to prevent new innovation simply to keep its monopoly.

It's outrageous.
