**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use Sonic as my internet provider and I want to retain this option. Comcast and ATT the competition in my area provide an inferior service and are their customer service is pathetic. I demand to have competition in service. I should be able to choose the provider that provides me the best service and ATT should not be able to control their access to providing competition.

This country is founded upon competition and it is appalling that one "large" company should seek to have a monopoly on an essential service. Competition motivates companies to improve and upgrade their service so that the public is best served.
