**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I used to be connected with AT&T with mediocre service and high prices. I'm saving money and have better service because of the competition. My current provider entered the market and I'm getting faster service for less money. Our residential section of town was apparently not a high priority for ATT, and a local provider saw the opportunity. I love being able to support a local business and all the improved service that comes with it and I hope the FCC sides with American humans rather than American corporations and protects the consumer interest from AT&T's lobbying efforts.
