**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My internet provider is a smaller, local company based in a neighboring town. I appreciate Sonic because they provide competitive rates, friendly and local human customer service, and provide good jobs for people in the community.

Competition is good for consumers like me because I can choose to give business to companies that have ethics and policies with which I agree. Competition means I can afford to pay for fast internet on a teacher's salary. Competition means that I have choices in the marketplace and neighbors who live in a more rural area can access the internet as well.

Please ensure that companies like ATT must share their infrastructure so smaller companies like the one I subscribe to can continue to provide service.

Thank you.
