**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I like having the option to support smaller companies and see them grow and compete with established corporations. I think it is important to have competition in the market as it prevents the formation monopolies and keeps prices low. Limiting the power of monopolies is also important to me as it gives consumers a way to keep companies morally accountable (by giving consumers the option of switching services if we don't like the way they treat employees for example).
