**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It's pretty simple. By moving forward and eliminating options for consumers you would be ensuring a higher profit margin for big corporations. Who pays that bill?

No to this petition.

It does not benefit the American people, it in fact causes greater financial burden on consumers by eliminating options. It is irresponsible to move forward with this petition.

Please vote no.

I feel that there is already a shortage of internet and phone providers in my area and that certainly costs me more each month. If this is a burden you can vote against I urge you to do so as it will impact the lives of many.
