**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am saying NO to price hikes that will increase the cost of internet and telephone services.

Broadband is critical to my home and business because I do not watch TV and only watch programs of my choice.

I am live on Social Security and have limited funds for entertainment. The small self employment income I have is supported by broadband and keeping my costs low.

KEEP competitive telecommunication laws in place and STOP catering to the mega businesses like AT&T and US Telecom. KEEP access to critical unbundled network elements. SONIC is my chosen network provider.

I support unbundled network elements!
