**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC

This is America. It is about business and profit. Diversification is key and competition is essential to provide better products and services to the consumer who is always looking for the better deal. This economy does not deal with stifling competition rather encouraging it. Neither does having only a few players ensure the consumer wins. More choices do. Money will always flow to where it is best treated and timely information is paramount. Efficiencies not decreases in service nor increases of cost are the drivers of industry.
