**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The idea that there is enough competition in the broadband market is a joke. Customers love the business I work for because we are one of the only choices for internet that is not a huge unresponsive corporation. Please keep the market fair, and keep the huge corporations honest. Small internet service providers are almost gone because of anti competitive moves like this from the top 3 internet service providers. They don't compete by providing a better product, cheaper price, or better customer service, they just make sure they are the only ones that can provide service. Don't let Comcast, one of the most hated companies in the US and AT&T a megacorp that was broken up for a reason, dictate how Americans get their internet service.
