**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a current Sonic broadband user and have found that their service is far superior to that of either AT&T or Comcast, both of whom I have used in the past.

Sonic provides dependable service, and their customer care department is second to none. I believe that it is the FCC responsibility to make sure every resident can gain the benefit of the Sonic system.

It is time to say no to AT&T, Comcast, and all the other mega internet providers who have relied on being "the only game in town." Now with Sonic, we have a superior choice for product and service, and I beseech you not to take away their ability to provide this service to everyone who wants it.
