**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a competitive telephone service provider because it offers me greater privacy and assurance of net neutrality that AT&T and major providers skirt. Additionally, they have superior customer service and promise to meet other values important to me as a consumer such as sourcing their energy from renewables.

To loose the competition in this segment of the market by eliminating the access to unbundled elements by competitive providers would be a terrible thing both for consumer choice, but also for prices and competition on other values as I mention above.

Sincerely,

Bradley Engwall
