**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I recently signed up for fiber internet via Sonic, and have been an extremely pleased with the change. Before changing to fiber, I had DSL from Comcast. It was extremely slow and spotty. The coverage would often completely drop and put my business at risk.

I am a huge fan of competition in this space, and I resent the idea of AT&T reducing competition. A large reason my internet was so terrible was because I had to choose from 1 of 2 providers who both knew they were the only game in town and could afford to provide terrible service. I hope that you will support broadband competition so that I can continue to effectively work from home and enjoy entertainment.
