**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was an AT&T customer for almost a decade.

My price for DSL went up while the quality deteriorated. After many phone calls, I was informed there's nothing they could do to improve the quality of my internet unless I was willing to pay double my current bill.

I sucked it up for a while then decided to switch to Sonic. I pay a few bucks more on my bill but the internet connection is significantly faster with no issues.

I'm glad there's a competitor out there that can help keep the market accessible since it's apparent the larger corporations are attempting to monopolize it.
