**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

A monopoly in providers is ridiculous and hurts the consumer. Competition helps to challenge companies to be and do better as well as improve their service. Acting solely for the benefit of big business does not help the market or the consumers in it. Having multiple options to choose from gives the consumer a selection in what they want. furthermore, the local providers are offering a better service at a better price than the competition, challenging the competition to step it up. DO NOT LET ANY COMPANY FORM A MONOPOLY. We all deserve equal access to internet.
