**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It is clear to me that the service of 1 gig internet in the city of San Francisco provided by Sonic is much much better than their competition AT&T, COMCAST and other. I used them all for years. Their phone, internet prices much higher and speed is way slower. SONIC 1 gig fiber is way to go. Being an IT professional I do not want to go back to the old technology. Competition is doing wonders. The good speedy affordable connection is critical to me.
