**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are business owners in a small area, it is critical to our business in order to have this type of service.

We have only 1 other option for this area and it isn't enough for our business, we need the addition that only fiber can provide. They also provide our internet phone service, again something our business with several lines and toll free numbers needs. These services simply aren't offered here by anyone else. Bundling these services with one provider keeps the prices within our budget. Having more options in our area would also bring better pricing and a range of services to chose from.
