**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We NEED Bridge 2 Broadband! I live in a community San Francisco - where the majority of people get their broadband service from two monoliths, Comcast and AT&T. They are almost universally despised. My small local provider, Sonic, gives consistent quality service and is loved by everyone I talk to. I started out with copper their DSL years ago, and recently moved to their new upgraded fiber network. I have been nothing but impressed by the cost and quality that this local provider offers.

Save local broadband! Save Bridge 2 Broadband!
