**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic provides excellent internet access at reasonable cost. They installed fiber to our home, which makes working from home much easier. I can have multiple applications open and on line while conferencing, which I couldn't do earlier with DSL, which was twice the cost!!!!

Our earlier provider said that we couldn't get fiber in our city neighborhood because they wouldn't get a big enough customer base.

Sonic hooked us up within a week.

Do not stifle competition!!!

Competition is American!!!

It's been a couple of years and AT&T still doesn't offer fiber in our neighborhood. In San Francisco of all places. Simply weird and backward.

Concerned customer,
