

We are vehemently opposed to your exceedingly and falsely misnamed rule proposal " Restoring Internet Freedom. " what.a. joke.

This rule couldn't be anything further from safeguarding Web freedom & individual rights to use it without govt., ISP & other Corp. Censorship, stifling, throttling & control! Do NOT approve this dreadful rule of corporate takeover. U r accountable to individual citizens & corps. Are not ppl, no matter what our biased SCOTUS illegitimately ruled...limited in terms of campaign donations anyhow. Stop this HORRIBLE rule, FCC.
