**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a freelance artist and photographer working from my home studio. Sonic and fiber is crucial to my business as I deliver product and correspond with my clients. I chose to move to Sonic from Cable because they are more affordable and faster than anything else in the San Francisco area.

Because of this, I completely support broadband competition that's been so lacking in the industry. Other countries provide their citizens with cheaper and even faster internet speeds. The U.S. internet market has been stifled because of lack of choices and monopolies. I urge you to save competitive telecom and offer people more choices, better rates and better service!
