**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Save the capitalistic competition that creates progress on the Telecom sector! f\$&! at&t and their corrupt agenda. the last thing we need is a monopoly on internet that might reinforce data charges per gigabit or even megabit used and lead to throttling of our internet speeds and access to specific sites. also America needs to upgrade is internet infrastructure to gigabit speeds and we can't do that efficiently and effectively without healthy competition between isps.
