**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support having options when it comes to services needed in my home. Competition lowers the amount of money I have to pay for services and improves customer service all around. This is true for any commodity or service.

I do not want to experience at will price hikes. broadband is critical to my home as I use it for almost every aspect of my life. Sonic is a great competitor and a better solution than using AT&T DSL for me.
