**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Comcast time and time again screwed me over with hidden fees only for an internet service that did not work 50% of the time. When I moved from Colorado to California I knew I would no longer give my money up to a company that didn't care about me as a customer. Luckily I was able to find LMI net in Berkeley California which offered very fast internet through my phone jack at \$60 a month & the price never goes up. They have excellent customer service and I love being able to support a local business. Don't take away American consumer's right to vote with their dollar!! That is bad for business and bad for Americans.
