47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in San Francisco Californian and recently switched to Sonic from Comcast. It had been amazing. The customer service I receive is outstanding. I can pick up the phone at any time, speak to someone without any prompts, and i can really feel that small business attitude. On my last call to pay the bill, the technician simultaneously audited my internet connection and changed the channel due to interference, without me needing to do anything.

Literally Sonic is the best provider of any utility I have ever had. I constantly convince anyone and everyone who has the ability to use their service. Fiver is great. Sonic is great. Fcc help companies like them succeed!!!
