**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am consumer, and I support broadband competition. The cost of internet services is already too high. Preventing competition will make it worse. ATT is trying to monopolize the business. Between ATT and Comcast owning almost every customer of phone and internet service I have seen crappy customer service and high prices without transparency. Keep competition. What are they afraid of?
