**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My name is Jack Raineault and I live in Sebastopol, CA. My wife and I chose AT&T when we moved to CA but found their service lacking and their prices astronomical. We changed to Sonic, a local provider that installed faster fiber optic service and supports net neutrality. We have been very happy with the service thus far and are saving quite a bit of money over AT&T.

Now we learn that AT&T is threatening to deprive Sonic of the right to use certain of its lines which could negatively impact our service and raise our costs. We live in a small town and require broadband for my wifes work and for the volunteer activities I participate in. It is critical that the FCC stop AT&T from taking this anti-competitive action. It should not be allowed to use its lobbying might to the detriment of a small internet and phone provider and the customers it serves.

Thank you for your consideration.

Sincerely,

Jack Raineault
