**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We chose a competitive provider as they allow us to have higher performance broadband at a lower price. Having a 1 year old, my wife and I regularly have to take work video calls at home. So having a good internet connection is crucial to be able to spend more time with our daughter. A price increase would impact the disposable income we have to take care of our child and be able to travel with her to see family. Please do not stifle broadband competition as it will have a negative impact on our life, and on that of million of other households.

Thank you,
