**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please keep things competitive for local ISPs offering broadband. My experience with Sonic has been vastly better than Comcast and other large name ISPs. Don't take money from AT&T, Verizon, Ajit Pai and his cronies and screw the consumer.

Competitive broadband internet is something that should have been easily accessible in a first-world developed country in 2005, and is a joke that we have to worry about it in 2018.
