**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic provides an essential service as customer service and service quality continue to deteriorate at larger, more entrenched competitors like Comcast. Sonic provides their service at a competitive rate, with superior quality and customer service. I am consumer who counts on Sonic in my city, where the only alternatives are excessively overpriced and lacking in quality and customer service.

Broadband internet access is a human right as declared by the UN. Anti-competative practices by large Telecom companies in conjunction with the FCC threaten this essential right.
