Dear FCC,

My mother 92 years old who use to have internet inexpensive TV service with some other internet providers. it was always suffering. When she switched to Sonic technology it was a blast, no more buffering. For my mom it was very important because she had difficulty to understand buffering concept. Now when she has Sonic, she use it as a regular cable TV and it makes her daily life going easy and existing. Please let Sonic company continue development of great technologies to the advantage for all of as.
