**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am in support of the existing system as it gives me more options in choosing our provider to get the services we want and need. We are in an area where there is only 1 phone provider and their service is terrible. Having access to the broadband system we now use in conjunction with our internet has vastly improved our ability to provide our customers with the level of service we want to provide which sets us apart from our competition.

Losing this service will take us back 10-15 years in means of internet access as well as the phone system we currently use.

Thanks

Matt Stone
