**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We recently dropped Comcast after 15+ years of terrible and unreliable service for a FTH provider called Sonic in our neighborhood. Sonic has undertaken the cost and effort (unlike Comcast and ATT who choose to rely on fiber to the node - central office down the street- and coaxial to home) which means far better download and upload speeds with Sonic (multiples of Comcast's bandwidth speeds) at a fraction of the cost. This has allowed our family of 4 to unbundle Comcast and move to a selection of OTT services which serves our needs far better than Comcast. Again...at a fraction of the price. We now pay appx \$75/mos less than previously with much higher bandwidth and quality of service.
