**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to you today in support of broadband competition.

As a small business owner I prefer to do business with other businesses that are local to my area,  
and more accountable to their clients.

My phone and internet service has not increased in cost in over 5 years. When I do have a question  
or need tech support I get to speak with someone who has the same English dialect as I do.

Reliability is the number one reason I am with Infostructure.

To run my business efficiently I must have reliable phone and internet.
