**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My name is Arvind Narayan. I am a resident of San Francisco. I closed my account with Comcast and I picked Sonic as my Internet provider because:

- A) They offered a better service at a better price than any other competing offerings.
- B) They are a local provider that enjoy great support and excellent feedback from my community for their customer service.

Before Sonics fiber product, my only connectivity option was Comcast that charged 2 times what Sonic charges and provided very bad service.

Please do not allow large companies like AT&T to stifle these great small businesses by charging for infrastructure that I have paid for through my taxes.

AT&T has terrible overpriced service and like Comcast holds a stranglehold on many communities, reducing broadband choice and engaging in anti competitive behavior.
