**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer of Sonic, a local broadband company in California. They have provided 1 gigabit internet speeds at a low price that have allowed so many people in San Francisco to get high speed access. AT&T charges more money for slower speeds. Without sonic, we would have way less competition in our broadband marketplace. No other company even offers these speeds at anywhere near the same price. These small companies are essential to the competition that makes our markets better for consumers.
