**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a rural community and I support broadband competition. I started with dial up service and with the competition open there have been many changes to my access to the internet. Still very few choices but still there is choices. Without that the quality of our access I truly believe would have no need to improve. So many of us use the internet for business and should have options for the company and service that best fits our needs.

Sincerely,

Karen Demaris
