**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need more competition and diversification in the area of Internet Service Providers. Sonic especially has been transformative in the San Francisco Bay Area for providing affordable, high-speed internet. This is 2018, and in order to contribute to modern society, American citizens must have access to affordable high-speed internet. This public service should not be monopolized by one or two corporations.
