**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our family relies on broadband for our business, school related activities for our children, and critical care support for our disabled son.

We were previously connected with competitive DSL and are now using fiber connection provided by a local company, which has literally made the difference in our being able to keep up with the world for work, school, and the health of our son.

We are disturbed when we read about potential actions that will become obstacles for families and small business people like ourselves from having fair, fast and affordable access to broadband.
