**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I had AT&T before but the speed and reliability was never fast or good. Due to my location in SAN Francisco the max I can get was only 6Mbps. This is San Francisco and I couldn't believe speeds can be this slow. It wasn't until Sonic Internet came that I was able to get fiber speed and the reliability. Also the price is much more less than AT&T. We need more competition or else I and many other people wouldn't decent fast internet speed for many years to come and the decent price for it.
