**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've been accessing online services since the mid 80s when everyone was mostly using modems over phone lines to get access. Then came better methods of getting online or on the Internet using ISDN, DSL, Cable, and Fiber. I've used them all and along the way I have been able to choose through various providers who were competitive in terms of pricing and their offerings. We need to keep broadband competition alive so us consumers can get the best with affordable prices.
