**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Before we had Sonic, our internet was horribly slow and painfully expensive for a working family in San Francisco. Sonic has not only improved our access to internet but not brow beat us about others services we had no desire for (example: ATT and Comcast force selling you TV).

I urge you to keep competition alive and allow Sonic to continue delivering their services. Don't let ATT and Comcast monopolize the entire market. Do you believe in a free market? If so, then you would support competition.

Thank you for listening,

Brennan Walsh
