**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I prefer my local internet company to the large impersonal companies because I know I have direct contact with people in the company who actually live in my neighborhood. They respond immediately to any issues that I have. I want to support local businesses as that's what fuels this economy on a local and national scale! I also want to support my local internet company because they offer a good price on a product that I am completely satisfied with. I don't want or need to support corporations that are only concerned with the bottom line and put customers second.
