47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I ask you to support Bridge 2 Broadband.

I am a consumer who supports broadband competition.

I have fiber today but was previously connected with competitive DSL.

I chose a competitive provider because I appreciated that the business was local and focused on improving my community.

I get faster speed, lower price and far, far better customer service with my local ISP than I could with any of the large telecom like AT&T.
