**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have seen first-hand how unbundled network elements increase competition and create a more vibrant marketplace.

Prior to Sonic's fiber entry in San Francisco, I had only broadband option that was reasonable for my needs (Comcast). It was costly and a far cry from gigabit speeds.

Sonic came on the scene with gigabit fiber at a low price \$50/month for symmetric gigabit! and now Comcast has to compete to stay relevant.

Please continue to do your job and ensure that there is competition in the broadband marketplace!
