**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Fiber optic cabling for my home telephone and internet services have been an amazingly positive experience. For years, I was paying more per month on AT&T for 1.5mbps (DSL) than I now have with Sonic fiber optic cable at 950mbps - more than 600 times faster. Competition is great! Plus, Sonic (competitive telephone) included a voice over IP telephone line in the same bundle for just a few extra dollars per month. Please do not let AT&T rule the world. Let more services come into more neighborhoods with faster cabling with fiber optic cables. Thanks so much.
